The agency was founded in 1970 and has offices in Verona and Cherry Hill, New Jersey. With more than 30 licenses, we offer services to clients in New Jersey, Pennsylvania and New York, as well as nationally through our specialty insurance programs for hard-to-place risks.

Fairview Insurance is a family-owned and operated firm with the ability to deliver the services of a national-caliber company with the personality of a Main Street Business.

One of our firm's specialties includes Public Sector Property and Casualty insurance programs. Our risk management experience dates back more than thirty five years. We take pride in our extensive industry knowledge, and our ability to meet any client demands.

Some recent notable achievements are listed below, and detailed information regarding our firm's experience and success is documented throughout this presentation.

RECENT NOTABLE ACHIEVEMENTS:

- As Risk Manager for the Jersey City Board of Education, our staff conducted an extensive TPA/Managed Care Network review and negotiated a TPA/Managed Care solution that saved the District \$2,428,409 in a single year.
- As Broker of Record for the Township of Parsippany-Troy Hills, Fairview Insurance secured several competitive quotes and achieved a \$412,000 premium savings for the Township. Fairview's implementation of aggressive risk management safety and

employee wellness programs have also resulted in additional workers compensation variable cost savings in excess of \$950,000.

- As Broker of Record for the Township of Bloomfield, our firm implemented a loss control/safety program with Anthony Nesto and Samantha DePalma that decreased the Township's costs. Our program created a safety committee structure and implemented guidelines for in-house Township safety meetings (i.e. auto fleet safety, defensive driving, etc.). In 2013, Fairview Insurance assisted the Township with the replacement of their Third Party Administrator and Managed Care Organization for Workers Compensation claims. The change resulted in a savings of \$5,044,234 since 2012.
- Upon being named Risk Manager for the Borough of Caldwell our staff initiated a competitive bidding process that resulted in a \$50,000 annual savings, while significantly increasing the safety control and awareness for all departments and department heads.
- After being named Broker of Record for the Borough of Roselle, we identified four Public Official claims that were originally denied due to late reporting. Through negotiations and leveraging our experience, we convinced the insurance company to rescind the claims declinations. This resulted in a savings of legal fees and settlement costs of over \$150,000.
- Fairview Insurance saved the Jersey City Board of Education \$92,626 by reversing an insurance carrier flood claim denial that was based on an incorrect flood zone determination done by the carrier.

An important part of our services includes financial analysis and advice regarding risk minimization. We evaluate risks by analyzing current portfolios to ensure that proper insurance limits and coverages are in place. Our risk evaluation capabilities make it possible for our firm to provide premium projections significantly faster than the average insurance agency. This reduces lead-time and facilitates your planning process.

We also help our clients identify and reduce risk exposure. For example, our staff will review the Borough's safety records and Borough compliance with PEOSHA regulations. Our extensive expertise will help you address any loss control issues and help reduce your insurance costs.

2. References and record of success of same or similar service:

Fairview Insurance Agency Associates, Inc. brings a wealth of knowledge and over thirty five years of experience to the field of public sector Risk Management and Insurance Broker Services. The following are examples of some of our success throughout the years.

2002 – Present: Township of Bloomfield - Risk Management Consultant

Fairview Insurance has had the pleasure of working with the Township for a number of years now. In 2012, we were able to move the Township into the Garden State Municipal Joint Insurance Fund for a savings while providing better coverage. The GSMJIF Assessment for 2012 was \$623,817 versus that of the Suburban Essex JIF renewal price of a minimum of \$651,790 and a max of \$728,000. This move also benefited the Township by lowering deductibles and self-insured retentions. The General Liability self-insured retention was lowered from \$150,000 to \$100,000 per claim. The Property insurance deductible was lowered from \$2,500 to \$1,000 per occurrence. The Auto Physical Damage, Comprehensive and Collision deductibles were all lowered from \$2,500 to \$1,000.

In 2013, Fairview Insurance assisted the Township in replacing their Third Party Administrator and Managed Care Organization for Workers Compensation claims effective 1/1/2013. The result of this change for 2013 was a savings of \$1,012,195 on claims paid by the Township's funds. The positive results for the Township since the switch account for a cumulative savings over 2012 of \$5,044,234. These are highly significant savings that have been generated by the recommendations of Fairview Insurance.

Additionally, Fairview Insurance established a Risk Management Safety Program coordinating with Anthony Nesto and Samantha DePalma with special emphasis on Workers' Compensation Safety. Patterns of claims were identified and trainings were recommended and implemented within the Township. Working closely with the department heads, Fairview and the Township of Bloomfield were able to reduce the Township's Workers' Compensation claims which resulted in premium reductions.

Fairview Insurance coordinates with the Township to take advantage of all of the safety and training programs that are available through the JIF/Insurance Carrier. An example is how the Township was able to receive a special Employee Liability training session arranged specifically for the Township at the expense of the JIF.

Many other safety programs were provided at the Township's locations for safety training of various departments. These safety training sessions saved employee travel time, prevented injuries, and ultimately reduced the Township's claim payments.

April 2012 – Current: Jersey City Board of Education – Risk Manager/Insurance Broker
Jersey City Board of Education - TPA/Managed Care Network Monitoring and Consulting for Workers Compensation Program:

Through Fairview Insurance's TPA/Managed Care Network Monitoring and Consulting services, we negotiated and recommended a TPA/Managed Care solution that saved the District \$2,428,409 in a single year. We achieved this savings by implementing the following action plan:

- Initiated the RFP process for TPA and Managed Care Services
- Reviewed seven proposals and drafted a comparison spreadsheet that documented each respondent's definition of percentage of savings and flat fees
- Redefined how respondents could receive fees based on percentage of savings
- Further negotiated respondents' proposed percentage of savings fees.

Risk Manager/Insurance Broker Services Provided:

Fairview Insurance, upon being named broker of record for property and casualty insurance, immediately began to remarket all lines of insurance on behalf of the Board

of Education. Fairview marketed the program to two different joint insurance funds and eighteen different private insurance carriers to explore all options available to the Board for the most cost effective and best coverage available. We significantly reduced the Board's costs through our extensive marketing efforts. In addition, Fairview secured placement for multiple flood insurance policies at locations that would not have otherwise had coverage for flood damages.

Fairview Insurance saved the Board of Education \$92,626 by reversing a flood claim denial that was based on an insurance carrier's incorrect flood zone determination. Further, Fairview identified potential gaps in coverage by uncovering several claims that the previous insurance broker failed to report to excess insurance carriers. Fairview immediately reported these claims.

Fairview met with the Administration to review certificate of insurance procedures. We issued guidelines for certificates that the Board's previous broker failed to provide, and these guidelines are now used in every Jersey City Board of Education RFQ. To date we have reviewed and approved 24 new certificates of insurance provided by vendors to the Board.

Fairview Insurance replaced all Board of Education Bond needs for half the price of previous years. We have also provided end of year and mid-year quotes for different lines of insurance to keep the Board aware of current market trends.

June 2015 – Present: Toms River Regional Schools – Insurance Broker/Risk Manager

Fairview Insurance is working closely with the District on their insurance program. Our office continues to provide numerous certificates of insurance, complete contract reviews for insurance compliance, review vendor contracts, assist in the claims process, and various other services to the District. Fairview's risk management team also attends regular safety committee meetings as well as insurance committee meetings with Board members that are held quarterly. We also worked with the business administrator on solicitations for actuarial and third party administrator services. We continue to work with the District on managing safety including training for employees that is focused on the loss history to prevent similar claims from occurring in the future.

2014 – Present: Township of Union Board of Education – Risk Manager

In our time as Risk Manager with the District, we have worked closely with the District administration on a number of items; improving the overall insurance program. Fairview Insurance now reports all claims other than workers compensation to the appropriate insurance carriers to streamline the process for the District. This removes multiple steps for the District. Fairview Insurance set up standard vendor insurance requirements for the purchasing department to better protect the District. Our team also reviews certificates of insurance to ensure they match the required specifications. Fairview Insurance recommended changes to the Student Accident insurance carrier and the School Leaders Errors and Omissions insurance carrier. We also market the entire insurance program on a regular basis to ensure the best possible pricing and coverage for the District's overall insurance program.

2015 – Present: Brick Township Municipal Utilities Authority – Risk Manager

Fairview Insurance attends all JIF meetings to represent the interest of the Authority. We identified certain MUA properties that are in high hazard flood zones that do not have flood insurance. We are working with the MUA and the National Flood Insurance Program on obtaining quotes. We also identified inaccuracies in the MUA's property schedule on file with the Joint Insurance Fund. The MUA had given the previous risk manager changes to the property schedule to submit which was never done. Fairview Insurance input all of the property changes into the JIF website to ensure that the MUA's property is now insured accurately. Fairview Insurance has also obtained numerous certificates of insurance for the MUA, while reviewing and making recommendations on certificates the MUA has received from vendors. The Brick MUA received an increase in the dividend received by the JIF this past year due to improvements in the insurance program.

2007 – Present: Western Monmouth Utilities Authority – Risk Manager

Fairview Insurance established guidelines for a Safety Program with the MUA. Fairview also reviews claims with administration to prevent reoccurrence. Coverages have been increased while costs have been stabilized. Fairview Insurance assists with contract and certificate of insurance review to ensure adequate protection of the MUA from vendors. Fairview Insurance assists in coordinating available safety programs from the New Jersey Municipal Utilities Authority JIF to further employee safety awareness. This safety training helps to reduce overall claims. During our tenure, the Western Monmouth Utilities Authority received a perfect 10 score for the NJMUA JIF Safety

Incentive Award. It is important to note that the Western Monmouth Utilities Authority was one of only eight authorities out of 96 to receive this distinct honor. Western Monmouth Utilities Authority was also honored as the first member of the JIF to become Sharp Certified.

2001 – 2012: North Jersey Water District Supply Commission – Risk Manager

During our time as Risk Manager, Fairview Insurance worked closely with the insurance carriers, including Travelers and other carriers still utilized today by North Jersey District Water Supply Commission to develop balanced insurance solutions and create effective plans tailored to the Commission's unique insurance needs. Fairview Insurance consistently analyzed the Commission's insurance policies to enhance their coverage and reduce cost.

Fairview Insurance performed numerous contract reviews, organized multiple meetings with the insurance carriers to review exposures, developed a service plan to assist with reducing accidents and injuries, and provided risk control management services. Fairview Insurance also made sure the Commission was up to date and aware of all new insurance vehicles and coverage enhancements. Fairview Insurance made the Commission aware of Cyber Liability Coverage, which was a brand new type of coverage in the industry. We pointed out how important this type of coverage is for the Water Commission.

The North Jersey District Water Supply Commission has unique exposures such as dams, and while Fairview Insurance was the Insurance Broker, we reviewed the Army Corps of Engineers reports on the condition of the dams in order to help place the appropriate insurance for them. This included coverage for the Monksville dam among others. Terrorism coverage is also important due to these unique exposures.

We also set up the appropriate coverage for the Wanaque South Joint Venture. This required additional coverage separate from the coverage for North Jersey District Water Supply Commission. Fairview Insurance also made sure that the appropriate and necessary additional named insureds were on each insurance policy.

5/2013 – Present: City of Passaic – Risk Manager/Insurance Broker

Fairview Insurance saved the City over \$315,000 annually in insurance premium by recommending the City move insurance into a Joint Insurance Fund. The added benefit

Borough of Roselle Park
Request For Proposal:
2019 Risk Manager & Insurance Broker

of this move is the significant addition of many more trainings and services that are offered by the Joint Insurance Fund. The City of Passaic has taken advantage of these safety trainings at no additional cost. Even with this reduction in premium there was an increase in limits of liability insurance from \$11,000,000 to \$15,000,000 to further protect the City.

From a day to day standpoint, Fairview Insurance processes numerous certificates of insurance and recommends changes on vendor contracts to better protect the City. We continue to process numerous vehicle and property changes. Fairview Insurance also reviewed the insurance carried by the City of Passaic Public Library and determined based on the Library's relationship with the City that the Library needed to purchase its own Workers Compensation policy. This limited any exposure for the City in the event of any injury.

The following are some of the services provided to the City by Fairview Insurance:

- Deductible analysis with recommendations based on losses
- Assist the City in keeping up to date with PEOSHA standards in the workplace
- Facility walkthroughs with JIF representatives and the Fairview Insurance team
- Reduce City liability through Contract Liability Transfer
- Review Certificates of Insurance the City receives from outside vendors
- Review all City owned property for flood zone indications
- Review all insurance policies for any gaps in coverage
- Placed Cyber Liability coverage for the City
- Solicited multiple competitive quotes for the City's insurance renewal
- Clarified all named insured's to be added to the City's insurance policies
- Placed general liability insurance for Passaic Alliance in the JIF while keeping the professional liability policy separate saving the City money

8/2011 – Dec. 2017: Township of Parsippany-Troy Hills – Risk Manager

Fairview Insurance assisted the Township in collecting and formulating information for a RFP to obtain competitive insurance bids from the insurance market. Fairview Insurance secured several competitive quotes and was able to achieve an annual savings of \$412,000 for the Township of Parsippany – Troy Hills.

Fairview Insurance performed a comprehensive review of all policies in place. Upon review, Fairview found multiple discrepancies within the policies. One major discrepancy was \$1.4 million of mobile equipment being listed as automobiles on the policy. Fairview also reviewed all township buildings for flood zone status (Buildings wholly or partially in flood zones "A through E" require specific coverages from the National Flood Insurance Program).

As a part of Fairview's services, we reviewed Township loss experience and recommended implementation of certain safety measures to reduce claim frequency and severity. This led to significant reductions in the loss experience which will ultimately reduce the Township's premiums for years to come.

Fairview's implementation of aggressive risk management safety and employee wellness programs have resulted in additional workers compensation variable cost savings in excess of \$950,000.

2008 – 2012: Bloomfield Board of Education - Risk Manager

Fairview Insurance established guidelines and assisted in the implementation of a Safety Program to reduce claims which lead to premium reduction and stabilization. Fairview organized a routine review of claims with administration to increase safety and reduce frequency of accidents. We transferred the administrative insurance burden from the School District to Fairview Insurance. Fairview Insurance attended Joint Insurance Fund Meetings as the Board of Education's representative. Fairview Insurance then advised the Board of Education of any updates and changes in the insurance industry and how they relate to the entity.

1999 – 2009: Clark Board of Education – Risk Manager

As Risk Manager, Fairview reduced premiums overall by \$1 million. Fairview coordinated a Safety Program with the School Safety Department and the Insurance Carrier. We reviewed premium audits which saved an additional \$42,000. As a part of the new Safety Program, Fairview also helped set up playground inspections.

2007-2010: Roselle Board of Education – Risk Manager

As Risk Manager, Fairview Insurance reduced premiums for three consecutive years for a savings of \$122,000. This savings was achieved while significantly increasing coverages. The coverage increases were as follows:

- The property values were increased from \$64 Million to \$81 Million.
- School Board Leaders Liability coverage increased from \$5 Million to \$16 Million.
- General Liability coverage was increased from \$1 Million to \$16 Million.
- Student Accident Liability coverage increased from \$1 Million to \$16 Million.

Fairview Insurance reviewed premium audits for additional savings. Fairview also formalized safety programs in the district and set up playground safety inspections to meet state safety codes.

2004 – Present: Livingston Township - Risk Management Consultant

Fairview Insurance established a Risk Management Safety Program with emphasis on Automobile Liability. We coordinated a computer sign-up which allows the Township to check Motor Vehicle Reports free of charge with the State of New Jersey. We enabled the Township to leverage the Joint Insurance Fund's outside Loss Control Division to inspect all premises for auto fleet maintenance, proper valuation, and loss prevention. Fairview also provided an outline for the Township Safety Committee to conduct bi-monthly safety meetings.

Fairview Insurance established a workers compensation claim reporting procedure to handle first reports for the Township which helps to mitigate fees and provide a prompt return to work program. We reviewed and updated Township entities, recommended loss control techniques, and analyzed exposures such as FEMA flood coverages. This enabled the Township to properly cover properties that are in high hazard flood zones. Fairview Insurance provides the Township with alternative insurance market quotations in order to ensure the most cost effective insurance program.

January 2012 – Present: Township of Old Bridge – Risk Manager

Fairview Insurance Agency completed a complex analysis of the Township's insurance program, along with daily insurance maintenance and answers to inquiries. The following are services that we have provided to the Township throughout our tenure as Risk Management Consultant:

In the past few years we stabilized the Township's fixed insurance costs. Fairview Insurance helped the Township achieve a substantial savings by implementing a small workers compensation self-insured retention versus first dollar coverage. While making

this move, we have also been active with the Township's safety committee to focus on keeping workers compensation claims to a minimum in order to maximize the savings to the Township.

Fairview Insurance Agency has helped the Township of Old Bridge realize a significant savings in fixed costs and claims costs in the last two years. The savings we were able to help the Township achieve for 2015 and 2016 combined over the 2014 Fund year is \$757,858.

The Township's move into a new Joint Insurance Fund was beneficial to coordinate all safety training to be completed in the Township of Old Bridge for all employees rather than sending employees to various locations throughout the State.

- Over the past two years, Fairview Insurance Agency has been monitoring Workers Compensation claims closely to identify any patterns or issues that should be addressed to minimize the Township's exposure to the \$25K SIR.
- We attend monthly Safety Committee meetings and review claims each month and ways to prevent or reduce specific types of claims.
- During the 2016 renewal process, Fairview Insurance was able to obtain a competitive quote that saved the Township over \$100,000 in fixed annual assessment costs.
- During our review of Workers Compensation Self-Insured Retention billing from the third party administrator, Fairview Insurance Agency noticed a duplicate billing which saved the Township \$15,000.
- Fairview Insurance recommended for the 2015 term that the Township only renew with the Central Jersey JIF for one year, rather than a 3 year commitment. This gave the Township much more flexibility and choices in the year following year.
- Fairview identified a Gap in coverage and recommended Accident Insurance for Recreation Activities. A policy was placed with QBE Insurance Corporation for the volunteer participants.
- Fairview identified that certain positions that are required to be bonded were not. As a result, Fairview Insurance facilitated a Bond for the Township's Finance Director/CFO.

- Fairview introduced CAIR (Customer Abstract Information Retrieval), a program offered by the Motor Vehicle Commission that provides driver history abstracts (MVR's), ownership history and registration/title inquiries.
- Fairview provided guidance and recommendation of FEMA assistance Vendor to have Old Bridge reimbursed for Hurricane Sandy.
- Fairview assisted in the set-up the MEL's MSI Learning Management System for the Township. Fairview entered 600 employees into the database, organized by department, to track all classes going forward so that a quick report will enable the Township to see which employees are trained in which areas.
- Fairview reviewed and made recommendations of coverage for vendor Certificates of Insurance.
- We recommended a review of the Property Schedule to confirm that all buildings were scheduled and that both Building Limits and Contents Limits were sufficient.
- Fairview reviewed the Tort Claims Reporting Procedure and recommended the use of a revised Notice of Tort Claim Form.

2007 – 2010: Borough of Roselle – Risk Manager

Fairview Insurance achieved significant financial reductions for the Workers' Compensation line of insurance. Fairview Insurance did an overall analysis of areas relating to workers compensation including the legitimacy of workers compensation claims, employee workplace safety awareness, physician networks, and accident investigations. Fairview Insurance recommended a Workers' Compensation Project Plan that was approved and implemented. Annual savings of Workers' Compensation premiums of over \$75,000 were achieved. Over \$30,000 of past billing mistakes were uncovered and safety was at its highest level in years.

Fairview Insurance identified four Public Official claims that were originally denied due to late reporting. Through negotiation and leverage of experience, we were able to have the insurance company rescind the declination of the claims. This resulted in a saving of legal fees and settlement costs of over \$150,000.

2010: City of Atlantic City – Consulting Services

Fairview Insurance provided insurance consulting services in efforts to streamline administrative procedures and reduce premiums. A RFQ was conducted with a total

evaluation of all insurance policies, insurance related vendors and services. Evaluation was based on the following criteria:

- **Risk Management and Loss Control Services:** This analysis was used to eliminate/reduce claims by classifying exposures and designing training, such as the Return to Work Program. City Safety Committees implemented the trainings.
- **Negotiation of Third Party Administration/Managed Care Services:**
 - We implemented an effective use of medical network.
 - Fairview Insurance negotiated Medical Re-Pricing Discounts.
 - We also provided accurate claim information as well as reconciliation reports with the City finance department for monthly claim payments.
- **Reduction of Fixed Administrative Costs:** As a Consultant, Fairview reduced fixed administrative costs upfront by \$247,000 with the possibility of up to an additional \$1,000,000 of savings based on Risk Management Recommendations.

1994 – 2008: Cherry Hill Township – Risk Manager

Fairview Insurance reduced premiums overall by \$2.8 million. Fairview established a safety and risk management committee that led to favorable loss experience and increased employee safety which helped the Township finish 2nd among 42 municipalities for overall safety awards for 2006 & 2007.

2008 - Present: Borough of Caldwell – Risk Manager

Fairview Insurance went out to bid utilizing multiple insurance vehicles and obtained multiple quotes. This resulted in an annual savings of over \$50,000 and significantly increased the safety services and controls for all departments. Previously, the annual assessments were increasing an average of 8% per year. After the change in Joint Insurance Funds, the average increase was reduced to 3%. After selecting Fairview Insurance, the Borough of Caldwell was paying less in 2010 than they were paying in 2006.

Fairview recommended that the Borough police force become certified with an accredited Police Program to review, update, and implement policies and procedures within the police force. This program will allow the police force to be able to

accomplish more with less and reduce both Workers' Compensation and General Liability claims, which leads to a decrease in premiums.

1998 – Present: Township of West Orange – Risk Management Consultant

Fairview Insurance examined policies from a coverage and pricing standpoint. Gaps in coverage were identified and placement into a different Joint Insurance Fund was recommended. Negotiations on behalf of the Township were completed which resulted in an increase in coverage and a reduction in premiums. Quarterly safety committee meetings are now done on an ongoing basis to maintain a heightened level of workplace safety awareness.

2006 – 2009: Township of Pemberton – Risk Manager

Fairview Insurance attended Safety and JIF Meetings. We reviewed coverages and exposures and established formalized procedures for a Safety Committee.

2006 – 2011: Borough of Highland Park – Risk Manager

Fairview Insurance negotiated compliance of Loss Control recommendations, attended JIF meetings, and set up a Safety Program to comply with JIF regulations.

January 2014 – December 2016: City of Millville – Risk Manager/Insurance Broker

Fairview Insurance accomplished the following with the City:

- Since Fairview Insurance Agency became the City's Risk Management Consultant, the JIF assessment has had a net savings of \$255,200 for the renewal years of 2016 and 2017 combined compared to the 2015 Fund year. These were the first reductions of the City's Atlantic County Municipal Joint Insurance Fund assessment since 2009.
- Fairview Insurance attended all scheduled Atlantic County Municipal Joint Insurance Fund meetings.
- Fairview Insurance attended monthly Safety Committee meetings at the City of Millville.
- Fairview Insurance reviewed all outside vendors certificates of insurance to verify that they comply with insurance requirements specified in the City contracts to transfer the risk of loss.

- Fairview Insurance assisted in gathering all renewal application information (verifying and entering all data into the Atlantic County Municipal Joint Insurance Fund online system).

1997 – 2015: Borough of New Providence – Insurance Broker

Fairview Insurance Agency accomplished the following with the Borough:

- Stabilization of the Borough's insurance costs. The Borough's renewal pricing for 2016 was \$527,428 compared to \$516,687 in 2015. This total premium for 2016 includes coverage for the NPSM Consolidated Communications which will pay \$34,996 of the overall assessment, which means that the assessment for the Borough of New Providence in 2016 is \$492,432 representing a savings over the previous year.
- Increased on-site safety training has resulted in achieving a more favorable claims experience for the Borough.

Fairview Insurance Agency Associates, Inc. was the Insurance Broker for the Borough of New Providence for fifteen years. We consistently focused on safety claims management and reducing or keeping premium increases to a minimum. In the 2009-10 renewal process, we achieved an overall premium reduction. In the 2010-11 renewal process there were a number of workers compensation claims that would have led to almost doubling the premium, however thanks to Fairview remarketing the workers compensation to multiple markets; we obtained no increase in premium. We also attained a premium reduction on the rest of the package. In the 2011-12 renewal process Fairview again achieved an overall account savings. We continuously remarketed the account to ensure that the Borough had the most comprehensive program for the most advantageous cost.

November 2011 –2014 & 2015- 2016: Hoboken Housing Authority – Risk Manager

Fairview Insurance Agency became Risk Manager for Hoboken Housing Authority shortly after Hurricane Irene. Fairview provided assistance by facilitating payment between both the Authority's insurance carriers and FEMA.

Hurricane Sandy's effects on the Authority's various complexes were severe. The Fairview staff visited the Authority during the aftermath of Sandy, again facilitating emergency and clean-up procedures. In addition to aiding in ground efforts, Fairview

Borough of Roselle Park

ensured that the Authority received timely payments from both the insurance carriers and FEMA. Similar to Fairview's efforts after Irene, Fairview gathered and classified all of the necessary documentation in order to get payment as quickly as possible from all possible opportunities (avenues included the Authority's 28 Flood Insurance policies, their coverage package with a Joint Insurance Fund and FEMA funding). Considering the large impact that Sandy had on the Authority, it was most important that the Authority receive prompt payment in order to return to normalcy for its residents.

January 2008 – Present: Housing Authority of City of Passaic

Fairview Insurance identified a strong need for specific trainings. Wrongful termination, harassment and other EPLI claims are on the rise and the best way to control frequency and severity is proactive trainings. Fairview Insurance recommended and coordinated an all-day 3 session Employment Practices training. This included Employee Conduct, Conflict Resolution & Stress Management.

Separate underlying flood policies were secured to eliminate gaps of insurance between flood carriers. Additionally with the FEMA Flood maps changes throughout the year, Fairview Insurance regularly looks for changes in flood zones to ensure coverage is current.

September 2012 – 2015: Bergen County Housing Authority

Fairview Insurance worked with the Housing Authority to ensure compliance of the Employee Handbook and Policies and Procedures Manual. This resulted in a reduction in deductibles of \$15,000 per claim. Additionally Safety Trainings were established and implemented based on claims in the past 2 years. There was also damage from both Hurricane Irene and Hurricane Sandy in which Fairview was involved in expediting the claims reimbursement process. At the end of the contract Fairview Insurance we out to get competitive bids to keep insurance premiums down. As Risk Manager, Fairview Insurance attends JIF meetings as representative. We established guidelines for a Safety Program. Fairview also reviews claims with administration to prevent reoccurrence. Coverages have been increased while costs have been stabilized.

Below is essentially an outline of everything that we do for our clients on a day to day basis. The service overview is as follows:

FAIRVIEW INSURANCE SERVICE OVERVIEW

At Fairview Insurance, we pride ourselves on our Risk Management Services and our abilities to properly insure the Public Entity. Through a series Risk Management controls we work proactively to ensure that the entity is properly covered; working as safely as possible and costs are kept to a minimum. Fairview Insurance is available to accommodate any required meetings. Below is a description of some of the relevant

services performed routinely on Public Sector Accounts. Additional Risk Management Services are provided on an as needed basis. *It is important to note that all of Fairview Insurance Agency's services are tailored to fit each of our client's needs.* The following is a sample of all the services that Fairview can provide, however, Fairview will provide whatever level of service the Borough of Roselle Park desires.

Immediately Upon Being Appointed as Risk Manager

Fairview Insurance Associates will review all lines of insurance to insure that proper coverage is in place. This ensures that there are no gaps in coverage and the public entity is fully covered. If we find that there are gaps in coverage we make the necessary recommendations to the Business Administrator.

Examples of this review are:

- Review and ensure all Public Entity buildings appear on the statement of values.
- Review and ensure all vehicles are listed on the policy
- Review all Workers' Compensation class codes and payrolls to ensure accuracy
- Ensure all key positions have surety bonds protecting against theft
- Review and ensure all equipment appears on equipment schedule
- Review all current insurance policies, prepare an analysis and provide recommendations

Claims Management

Although there is no way to predict the severity of a claim or eliminate claims entirely, there are a number of action items that the entity and risk manager can work on jointly to keep these claims to a minimum. Some examples are:

- *Promoting Self Inspection* - As Public Sector employees are present and on facilities full time an effective approach is self-inspections. Quarterly safety checklists are completed by department heads and reviewed to eliminate hazards.
- *Proactive Hazard Identification Walk Through* - Fairview Insurance will do a periodic walk through of the facilities to identify the issues and make the necessary recommendations.

Borough of Roselle Park
Request For Proposal:

- *Streamline Claims Reporting Process* - Fairview Insurance reviews current Public Entity's Claims handling process. By helping to identify and documenting which department(s) or contacts are specifically assigned to report claims.

The benefits are:

- Minimize employee loss work time
- Reduce overall claim totals
- Avoid Claim Denials based on late or failure to report
- Employees back to work sooner reducing the unnecessary exposure of overtime and soft dollar savings of having to train new part-time workers

Monthly Claim Review and Interdepartmental Meetings

Claims can be minimized through the above actions, but accidents and injuries do occur. The purposes of Monthly Claims Meetings are geared to promote communication and reduce the frequency of the claims. The following are services and benefits that are provided, but our services are not limited to the following:

- Review Title 59 Guidelines and the spirit of Sovereign Immunity
- Meet with department heads to review prior month's claims.
- Identify claim trends and specify what department the claims are coming from
- Based on these trends recommend a safety program to provide training where needed
- These trainings review PEOSHA trainings facilitated through insurance carriers such as - Blood Borne Pathogens, Confined Space Entry, Excavation, Fire Safety, Flagger/Work Zone Safety, Ladder Safety, Lock Out/Tag Out, Personal Protective, Equipment, Powered Industrial Trucks/Forklifts, Respiratory Protection, Hazcom, Spill Prevention, and Defensive Driving, etc.

Administrative Assistance

Fairview Insurance works to reduce the insurance related administrative burden from Business Administrators. Our services include but are limited to the following:

Borough of Roselle Park

- Assist the Public Entity in the preparation of applications, statements of values, and similar documents requested by the Insurance Company of record.
- Review Certificates of Insurance from contractors, vendors and professionals, when requested by the Public Entity.
- Review the Public Entity premiums in the preparation of its annual insurance budget.
- Assist where needed in the settlement of claims, with the understanding that the scope of Fairview Insurance's involvement does not include the work normally done by a public adjuster.
- Contract Review: We will review, from a risk management standpoint, construction documents, lease agreements and other contracts which you provide us and we will offer our recommendations. This review will concentrate on insurance requirements; however, all contracts should be reviewed by legal counsel.
- Endorsements: Policy changes are handled on a special endorsement request form which is sent to the company and copied to you. It lets you know what changes have been ordered and on what basis. Please review the form to make certain the information is correct. When the endorsement is received, it is checked for accuracy and the premium is checked for correctness.

Renewal Policies

Renewal Meeting: We will conduct a renewal meeting to determine your exposures for the coming policy year with approximately 120 days prior to expiration date. Some of the renewal topics discussed would include updating vehicles, payrolls, inland marine equipment, list of certificate holders, classifications, lease review, property values, driver information and audit review. We will prepare an annual report on such items as:

Borough of Roselle Park
Request For Proposal:

- Summary of Agency service activities during the past year
- Brief review of major outstanding claims
- Summary of premiums and loss experience
- Our views of the marketplace and how it relates to you
- Renewal Checklist: We feel renewals are just as important as producing new business. Much time is spent reviewing renewal policies, reviewing all coverages, and making sure our insured receives the best coverages for what they are paying.
- Renewal Policies: We endeavor to have renewal policies to our clients prior to the renewal date. If this cannot be done for some reason, detailed binders of insurance are prepared confirming renewal coverage in effect. We do not take our clients for granted.
- Renewal Marketing: We will facilitate the remarketing of your insurance coverages to various markets available to guarantee that the most comprehensive and competitive program is in place.

Communication

We will communicate on a frequent basis to discuss any particular issue not previously addressed within the service agreement. We are also available on request to provide assistance and consultation on risk management issues which are of concern.

Transfer of Liability

Fairview Insurance understands the crucial element of transferring liabilities away from the Borough, specifically with contractors. We will recommend and apply the necessary Risk Management principles (referenced below) in order to secure proper levels of insurance, with the ultimate goal of transferring risk away and onto the contractors' insurance policies.

Contractors must provide evidence of their own Workers' Compensation coverage, covering any injuries resulting from work done on behalf of the Borough. This will ensure that the Borough's Workers Compensation policy and specifically its claims experience is not negatively affected.

Contractors must also provide evidence of General Liability, Auto Liability and Umbrella coverage. Any injuries that arise in the area of Liability, Completed Operations and

Borough of Roselle Park
Request For Proposal:
2019 Risk Manager & Insurance Broker

Property Damage, will be applied to the contractor's insurance carrier. Similar to the above mentioned Workers' Compensation requirement, this added precaution will ensure that the Borough's Liability claims history is not affected.

As an added layer of security, the Borough should be named as an additional insured on the contractor's insurance policy and a hold harmless agreement must also be secured.

Please refer to Tab #3 for examples of Risk Transfer.

In addition to the attached Risk Manager/Broker Services, Fairview Insurance provides oversight into the insurance related vendors. This added benefit will not only ensure that these insurance related vendors offer competitive pricing, but also make sure that the vendors in place are top professionals in their fields.

- Utilizing all available insurance options in the marketplace we compare and contrast to see which is the best fit and create a customized solution.
- Constant changing market trends and varying characteristics require an analysis that includes up to date information.
- This underwriting information is sent to specialty programs, Joint Insurance Programs, Self-Insurance Options and Private Insurance Companies.

Company, Utica Mutual, W.R. Berkley, Western World Insurance Company, Wilshire Insurance Company, XL Insurance, Zurich Insurance. Fairview Insurance also has the capability and experience to work with numerous Joint Insurance Funds around the State.

Once all of the above are combined with different levels of deductibles and self-insured retentions, you have a completely customized solution.

- 4. Cost details, including the annual fee for primary duties and the hourly rates of each of the individuals who will perform the services, and all expenses for any work that is not included in the primary duties:**

Insurance carriers and Joint Insurance Funds recognize the most effective way for their products to enter into the marketplace is through the insurance broker/consultant community. Therefore, insurance carriers have commissions automatically imputed into the rates. Joint Insurance Funds pay "Risk Management Fees" based upon premium assessment promulgated by the Fund. Fairview Insurance would be paid by the private insurance carrier or the Joint Insurance Fund, not directly by the Borough of Roselle Park.

Additionally Fairview Insurance does not impose any additional consulting fees or charges and accepts the standard commissions paid by either the Joint Insurance Fund or private insurance company as payment in full. All of the services discussed throughout this RFP would be provided for the standard commission or "risk management fee", there would be no additional billing or fees.

Fairview Insurance Agency agrees to accept five percent (5%) of the Borough's annual joint insurance fund assessment as total payment for services as stated in the RFP.

Dear Mr. Graham,

The Township of Bloomfield has been using Fairview Insurance's Risk Management services for over 10 years. The Township has always received the highest level of service from your staff. We are especially thrilled with the recent changes to the Township's Workers Compensation program. Fairview Insurance facilitated the transition to a new Third Party Administrator and a new Managed Care Organization to handle workers compensation claims effective 1/1/2013. Since the transition, the Township was able to save \$1,043,036 in workers compensation costs in 2013 and the Township is projected to save almost \$1,600,000 in 2014. We are grateful for the results.

The Township looks forward to continuing to receive this high level of services for years to come.

Sincerely,

Michael Venezia

To Whom It May Concern:

I am herein providing a reference for the Fairview Insurance Agency. Fairview has served as co-broker for the Township of Parsippany - Troy Hills' employee health benefits for almost four (4) years. During that time Fairview has negotiated renewals for the Township, provided assistance to employees to resolve health insurance issues and provided valuable advice and guidance regarding negotiations with collective bargaining units.

During the first year that Fairview worked on the medical renewal, the Township was able to realize a \$600,000 savings by contracting directly with Horizon rather than staying in the State Health Benefits Plan. For the 2010 calendar year, Fairview negotiated a contract with CIGNA that provided a \$668,000 savings over the renewal quote provided by Horizon.

Fairview's large portfolio of, and years of experience with, public sector clients has provided Fairview staff with a wealth of experience and knowledge on public sector employee benefits trends and contract negotiations. Over the years, several cost savings changes in medical, prescription and dental benefits were effectuated.

I have found Fairview to be very responsive to the Township and pro-active in sharing information with the Township on the Health Care Reform Act, Medicare and other human resources / employee benefit issues. Fairview seems to enjoy a good relationship with most of the insurance carriers and the Township has benefited from these good relations.

If you have any questions, please feel free to contact me at the above number or email address.

Sincerely,

Jasmine L. Lim

Dear Mr. Graham,

The City of Lambertville has been using Fairview Insurance's Risk Management services for approximately 2 years. I wanted to take the time to acknowledge the professional work of your staff. The Risk Management services that have been provided are always timely and very professional.

We are especially happy with the recent renewal period where your agency was able to negotiate a flat renewal with no increase. The good news came at a critical time while budgeting and we appreciate the results. I am looking forward to continuing to receive this high level of service.

Dear Mr. Graham:

I wanted to take this opportunity to thank you for all the help and excellent service Fairview has provided in assisting the Commission with its employee insurance needs, including most recently assisting us in reducing our claims experience and thus saving the Commission considerable money in its premiums.

I also wanted to thank you for your help in educating and convincing our employees to voluntarily move to the less expensive Direct Access option of our hospitalization and major medical insurance as well as working with our prescription provider to offer an incentive to our employees to choose less expensive generics. Both of these measures saved the Commission considerable expense without forcing a reduction in benefits.

Finally, I will thank you for providing special service for some of the unique circumstances our employees encountered in dealing with some of their illnesses. We very much appreciate the assistance you provided and the fact that you went the extra mile for the Commission and its employees. I would recommend Fairview to anyone.

Sincerely,

Dear Mr. Graham:

The Bloomfield Board of Education is a school district with 6,000 students and an operating budget of \$85M. It is with great pleasure to identify the efforts of your company.

The staff handles all insurance declaration page requests in an expeditious manner. As for your ability to handle Health benefits, your firm is second to none. I always have my issues pertaining to budget, coverage's, or general health concerns, answered immediately. Within the first 30 days with the district, you were able to reduce our premiums by approximately \$100,000 by renegotiating our existing contracts.

If I could be of any assistance, please feel free to call me at 973-680-8515.

Sincerely,

Michael Derderian

Dear Mr. Graham:

On behalf of the Township of Bloomfield, we greatly appreciate the work accomplished by your agency. In 2006, your agency was responsible for saving our Township over \$600,000 in medical and prescription premiums. In addition, your assistance in our collective bargaining negotiations has enabled us to achieve an additional significant savings. On top of the savings, the administrative staff, employees and dependents have received superb service that has exceeded our expectations.

We are pleased with your performance and look forward to the continued high level of service.

Very sincerely,

Raymond J. McCarthy

AMERICANS WITH DISABILITIES ACT OF 1990

Equal Opportunity for Individuals with Disability

The Contractor and the Owner, do hereby agree that the provisions of Title 11 of the Americans with Disabilities Act of 1990 (the "Act") (42 U.S.C. 5121 01 et seq.), which prohibits discrimination on the basis of disability by public entities in all services, programs, and activities provided or made available by public entities, and the rules and regulations promulgated pursuant there unto, are made a part of this contract. In providing any aid, benefit, or service on behalf of the owner pursuant to this contract, the contractor agrees that the performance shall be in strict compliance with the Act. In the event that the contractor, its agents, servants, employees, or subcontractors violate or are alleged to have violated the Act during the performance of this contract, the contractor shall defend the owner in any action or administrative proceeding commenced pursuant to this Act. The contractor shall indemnify, protect, and save harmless the owner, its agents, servants, and employees from and against any and all suits, claims, losses, demands, or damages, of whatever kind or nature arising out of or claimed to arise out of the alleged violation. The contractor shall, at its own expense, appear, defend, and pay any and all charges for legal services and any and all costs and other expenses arising from such action or administrative proceeding or incurred in connection therewith. In any and all complaints brought pursuant to the owner's grievance procedure, the contractor agrees to abide by any decision of the owner which is rendered pursuant to said grievance procedure. If any action or administrative proceeding results in an award of damages against the owner, or if the owner incurs any expense to cure a violation of the ADA which has been brought pursuant to its grievance procedure, the contractor shall satisfy and discharge the same at its own expense.

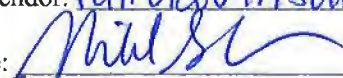

The owner shall, as soon as practicable after a claim has been made against it, give written notice thereof to the contractor along with full and complete particulars of the claim. If any action or administrative proceeding is brought against the owner or any of its agents, servants, and employees, the owner shall expeditiously forward or have forwarded to the contractor every demand, complaint, notice, summons, pleading, or other process received by the owner or its representatives.

It is expressly agreed and understood that any approval by the owner of the services provided by the contractor pursuant to this contract will not relieve the contractor of the obligation to comply with the Act and to defend, indemnify, protect, and save harmless the owner pursuant to this paragraph.

It is further agreed and understood that the owner assumes no obligation to indemnify or save harmless the contractor, its agents, servants, employees and subcontractors for any claim which may arise out of their performance of this Agreement. Furthermore, the contractor expressly understands and agrees that the provisions of this indemnification clause shall in no way limit the contractor's obligations assumed in this Agreement, nor shall they be construed to relieve the contractor from any liability, nor preclude the owner from taking any other actions available to it under any other provisions of the Agreement or otherwise at law.
